Clothing Design and Manufacture**

### 3. Profile of skills and competences

Learning Outcomes (Knowledge, Skills and Competences). A typical holder of this diploma/qualification is able to:

- Select and check fabrics and auxiliary materials and accessories, according to technical specifications and desired properties of the final product,
- Recognise the standard size charts in the market for the design and production of patterns,
- Design patterns based on the design of the garment and adapt them to specific sizes,
- Use computer software (CAD/CAM) for the creation of digital pattern designs and models,
- Calculate the necessary quantity of fabrics and auxiliary and decorative materials and carefully mark and cut fabrics,
- Comprehend the types and method of laying fabrics and auxiliary materials so as to cut them with the minimum possible losses,
- Operate easily the necessary mechanical equipment and make the necessary adjustments for the production process (cutting, sewing and packaging of the final product) so that an efficient and smooth production process is ensured,
- Assemble fabric parts (joining seams), correct defects and accurately transfer the corrections to the pattern,
- Apply quality assurance methods and check the final result, comparing specific parts of the garments,
- Determine possible dangers of environmental pollution in the workplace as well as occupational hazards and take measures for avoiding them, implementing rules for the safety and health of the workers in the workplace,
- Fill in order forms, supplier and customer registers and the essential documents and/or computer data logs.

### 4. Range of occupations accessible to the holder of the certificate <sup>3</sup>

The holder of this certificate can be involved in the designing and manufacturing process of clothing and be employed in fashion houses and haute couture (high fashion), designer studios, in designing and manufacturing ready-to-wear clothing industries, in designer clothing stores and high fashion brand outlets and in television stations and production companies. They can also be employed as an associate in fashion magazines, sites and blogs as a fashion editor-stylist, as a fabrics and clothing designer or be self-employed running their own business.
