**Vocational Training Diploma Initial Vocational Training (I.E.K.) Level 5. Specialty of I.E.K.:
COSTUME AND FASHION DESIGNER**

3. Profile of skills and competences

LEARNING OUTCOMES (KNOWLEDGE, SKILLS, COMPETENCES). A typical holder of the certificate is able to:

KNOWLEDGE

- Summarise the special characteristics (basic trends) per period in the history of art and costume design.
- Explain the special features with regard to threads and textile design.
- Interpret the terminology (Greek and English) related to costume and fashion design.
- Describe the theories of colours.
- State the factors affecting the course of fashion, deriving both from the industry and from consumers.
- Describe the professional areas, the equipment, and the specific characteristics (procedures, abilities, limitations), with regard to the creation of apparel collections and the mass production thereof.
- Clearly explain the methods for market research, with the purpose of discovering the buying needs of the target group, including techniques for the effective promotion of products to suitable buyers.
- Specify the steps for preparing a fashion design, based on the principles of freehand drawing, colours, and aesthetics.

SKILLS

- Design clothes and accessories realistically based on the human figure (men - women - children), respecting the principles that apply to the rates of the human body and its various limbs at different postures.
- Design compositions of clothes for a mannequin (with a non-realistic manner in the fashion figure), by applying suitable shares and textile creases.
- Design clothes and accessories using suitable electronic systems - computer software.
- Complete the works concerning a fashion design (selection of design theme, technical drawing for presentation, application of colour and shadows), based on the principles of freehand drawing, colour, and aesthetics in general.
- Select suitable textiles and materials for the production of an apparel collection.
- Accurately manufacture patterns for any type of apparel, using a wide range of textile designs, and based on either industrial measures or custom measures.
- Test the patterns on mannequins, either for validation or for fitting purposes.
- Sew at a professional level with the help of a sewing machine and an overlocker various parts of an apparel and attaches them together, using quality professional techniques.
- Apply internationally patented method for the quick enlargement of patterns from a standard size to multiple sizes, based on international size chart and the target group.
- Cost apparel collections and manage a specific budget intended for the creation and promotion of collections to the market.
- Fully organize the procedures required for the public presentation of an apparel collection: selection of theme and respective setting, of area, accessories, music, lighting, mannequin, speaker and attends to management behind the stage in general.
- Handle with comfort special applications related to the use of the computer.
- Create complete apparel collections, either on his/her own (in the form of self-employment) or as a designer as part of a group in an apparel small or large industry.

COMPETENCES

- Constructively collaborate with all departments of an apparel company, with the purpose of promoting designer collections to the market.
- Work autonomously, in agreement with the changes in aesthetics and with the international technological developments with regard to the design of cloths and costume design.
