### 1. Title of the certificate <sup>1</sup>

**Δίπλωμα Επαγγελματικής Ειδικότητας Εκπαίδευσης και Κατάρτισης Επιπέδου 5 Ειδικότητα Ι.Ε.Κ.:  
ΤΕΧΝΙΚΟΣ ΔΙΑΚΟΣΜΗΣΗΣ**

---

### 2. Translated title of the certificate <sup>2</sup>

**Vocational Training Diploma Initial Vocational Training (I.E.K.) Level 5 Specialty of I.E.K.:  
INTERIOR DESIGN TECHNICIAN**

---

### 3. Profile of skills and competences

LEARNING OUTCOMES (KNOWLEDGE, SKILLS, COMPETENCES). A typical holder of the certificate is able to:

#### KNOWLEDGE

- List the drawing instruments and describe their use in different types of design.
- Recognise the basics of linear and freehand drawing, of colour and the basic principles of composition and describe the principles for the axonometric and perspective drawing and for shading.
- Classify and describe the development stages of decoration design, as also for the manufacture of a model.
- Describe the anthropometry and ergonomics elements referring to areas of residence, work, education, health, and entertainment.
- Recognise the basic principles of colour that refer to the practical application in designs and areas.
- Describe the stages of building illustration designing.
- Discern the stages in the history of art and architecture that influenced the form and course of decoration until today.
- Recognise the properties and the use of materials applied in construction and decoration.
- Discern the structural elements of a structure from the foundation until the roof, along with the separate structural elements thereof.
- Recognise the tools and the software necessary for the digital processing of drawings on a level and 3D imaging.
- Prepare and analyse the stages for the works and for costing, which are necessary for the completion of a project.
- State the crews necessary to undertake the works.

#### SKILLS

- Examine areas and suggest solutions to decoration problems with regard to the ergonomics and functionality of the area in question.
- Design sketches, preliminary drawing and drawings used for the construction of the decorative solutions.
- Manufacture with suitable materials models that will be approved by the client and serve as the guide for the construction.
- Draw building illustrations of any scale.
- Justify the aesthetic and ergonomic solution suggested to the customer.
- Prepare a project schedule, analyse the construction works and coordinate the crews of the decoration structures.
- Formulate a table of costs for the project undertaken.
- Adjust or amend the construction design for financial, temporal, or technical reasons.
- Issue bills of quantities, perform measurements and post-measurements in order to ensure proper construction outcomes.

#### COMPETENCES

- Work independently and undertake the responsibility for the construction of any decorative structure and for keeping the time schedule set.
- Collaborate with persons of other specialties (engineers, architects, painters, sculptors, upholstery technicians, carpenters, painters, etc.), who are necessary for the construction of the projects.
- Organise and monitor the crews in all stages of decorative construction.

<sup>1</sup> In the original language. | <sup>2</sup> If applicable. This translation has no legal status. | <sup>3</sup> If applicable.

#### 4. Range of occupations accessible to the holder of the certificate <sup>3</sup>

The holder of this diploma can be employed in companies specialized in the design and construction of decorative works, in the production or application of materials and decoration systems. He/She can also work on a self-employed basis.

The Vocational Training Diploma is recognised as a qualification for appointment in the public sector falling in the category S.E. (Secondary Education) according to the Presidential Decree no.50/2001 (Greek Official Gazette 39/Vol.A/5-3-2001).

#### 5. Official basis of the certificate

##### Body awarding the certificate

E.O.P.P.E.P.  
(National Organisation for the Certification of Qualifications and Vocational Guidance )  
Ethnikis Antistaseos 41 Avenue, 142 34 N. Ionia  
<https://www.eoppep.gr/>

##### Level of the certificate (national or European) <sup>1</sup>

Level 5 National and European Qualifications Framework

##### Access to next level of education / training <sup>1</sup>

Yes

##### Legal basis

Law 2009/1992 on the National System of Vocational Education and Training  
Law 4186/2013 on the Restructure of Secondary Education  
Law 4763/2020 on National System of Vocational Education, Training and Lifelong Learning

##### Authority providing accreditation / recognition of the certificate

E.O.P.P.E.P.  
(National Organisation for the Certification of Qualifications and Vocational Guidance )  
Ethnikis Antistaseos 41 Avenue, 142 34 N. Ionia  
<https://www.eoppep.gr/>

##### Grading scale / Pass requirements

a) acquisition of the Vocational Training Certificate (V.E.K.) after successful completion of study at the Vocational Training Institute (I.E.K.)  
b) acquisition of the Vocational Training Diploma after:  
1. success in the theoretical part of Initial Vocational Training certification examinations (Grading scale = 1-20, Pass = 10) and  
2. success in the practical part of the Initial Vocational Training certification examinations (Pass/Fail)

##### International agreements on recognition of qualifications <sup>1</sup>

No

#### 6. Officially recognised ways of acquiring the certificate

Total duration of the education / training leading to the certificate  
Success in the the Initial Vocational Training certification examinations  
4 semesters (until law 4186/2013) / 5 semesters (after law 4186/2013)

#### 7. Additional information

##### Entry requirements <sup>1</sup>

Certificate of Upper Secondary School. Qualification of Level 4 (NQF/EQF) // Certificate Vocational Training School (SEK) – Qualification of Level 3 (NQF/EQF)  
Following the voting of L. 4763/2020, only by an Upper Secondary Education certificate or an equivalent title of studies (Qualification of Level 4 NQF/EQF)

##### Indicative subjects taught:

Imprint and Design Methods, Freehand Drawing, Colour Practice, Decorative Design, Structural – Constructional Drawing, Materials Technology, History of Art – Architecture, Organisation of Construction Work, Practical Training, Visits, Computer-aided Design, English, Computing.
